Thanks, Simma—just picked up a voicemail from Jeaneanne and she was fine with me sending something and offering her to explain to Dave the circumstances surrounding being caught by surprise. Please include any link to the current text if possible.
Thanks!
John

John,

I just received your voicemail and will send you a draft email shortly for Dave. Do you have a preference as to whether you or Jeanneane emails Dave first? I can also check with the Region if you like.

Just a bit of additional information:

Jeanneane stated that this bill had passed the Florida legislature and was simply awaiting the Governor's signature, but based on ORC's and my research, it appears that it has only passed the House, **and is teed up for a vote in the Senate this week** (as tomorrow is the last day of the legislative session.) It is part of a much larger package making fixes to a variety of Florida's environmental programs (though we have not seen anything else implicating the 404 program), so I assume the Governor will sign it.

Jeananne has asked if you can give your impression of HB 1091 before noon tomorrow. I know she would like OCEFT's impression as well. She's talking with the RA at 1:00.

Thanks,

Matt
